## Notice

All students, teaching and non-teaching staff are invited to participate in this informative event exploring philosophical perspectives from ancient to modern times.

Date: 26th February 2018

Time: 02:00 PM

Venue: College Seminar Hall

*Sanchari Ghosh*  
Department of Philosophy

Seminar Topic :

Know the Philosophy: View of Ancient and Modern Philosophy

### **Objective of the Seminar**

The objectives of studying the philosophy of both ancient and modern thought include understanding the evolution of philosophical ideas and their impact on contemporary society. It aims to explore the foundational principles of ancient philosophy, such as those proposed by thinkers like Plato, Aristotle and their influence on ethics, metaphysics, and political theory. Simultaneously, it seeks to examine the developments in modern philosophy, focusing on the works of Descartes, Kant and others, who introduced new perspectives on existence, reason, and human nature. This comparative study helps in identifying the continuity and divergence in philosophical thought across ages, fostering critical thinking, intellectual curiosity, and a deeper comprehension of how philosophy shapes modern ideologies, cultural values, and human behavior.
