Objective of "Mastering Koha Integrated Library Management System"

The objective of "Mastering Koha Integrated Management System" is to provide a comprehensive guide for librarians, administrators, and technical staff to efficiently implement, manage and utilize the Koha Integrated Library System (ILS). The Seminar aims to empower users with the knowledge and tools necessary to handle all aspects of Koha, including cataloging, circulation, acquisitions, serials management and patron services. By mastering the system's powerful features, users can streamline library operations, improve workflow efficiency and offer enhanced services to patrons. Through practical insights, step-by-step instructions and troubleshooting tips, this resource seeks to enable library professionals to leverage Koha's open-source platform to its full potential, ensuring better resource management, improved accessibility and a seamless user experience for both staff and library users.
