## **Objective of " Say No To Smoking, Live Healthy Life."**

The objective of the "Say No to Smoking, Live a Healthy Life" campaign is to raise awareness about the harmful effects of smoking and encourage individuals to quit or avoid starting the habit. Smoking is a leading cause of preventable diseases such as lung cancer, heart disease and respiratory issues. By educating people on the risks and providing support for quitting, the campaign aims to reduce smoking rates and promote healthier lifestyles. It seeks to empower individuals to make informed choices, protect themselves from the dangers of smoking and contribute to creating a smoke-free environment for future generations, ultimately improving public health and quality of life.
